SKI & GOLF
WORLD CHAMPIONSHIPS 09
ZELL AM SEE - KAPRUN 13th-17th MAY 2009

ENTRY CONDITION

ELIGIBILITY REQUIREMENTS Golfers and skiers (professionals as amateurs) who are regular members of accepted golf clubs of national or international golf associations) are qualified to take part in the competition. The handicap must be at least -18, or better. Participants can start in individual as in team competition. Competition is played by the rules of RA St. Andrews and local rules GC Zell am See-Kaprun.

CATEGORIES

Ladies and Men Junior: junior class born 1987 and younger
Ladies and Men: main class born 1986 to 1969
Ladies and Men mid-age: born 1968 to 1959
Ladies and Men Seniors: born 1958 to 1949*
Ladies and Men Seniors II: born 1948 and before*
Uvex Sponsor Cup (closed competition)

SCORES Added scores from three results (1 run ski, 2 rounds golf)

SKI all classes: time of the ski run (about 40 sec.) is multiplied by 4 (8*) and added to the golf gross scores (36 holes)

*Senior classes: time from first competition is multiplied by 8, then multiplied by the year of birth (e.g. born 1953, time multiplied by 0.53) calculation minimum factor is 0,40 (born 1940 and before)

Result skiing in seconds multiplied by 4 (8*) **score 1**
Gross score golf round 2nd day **score 2**
Gross score golf round 3rd day **score 3**

Competitor's time of ski race is multiplied by factor 4 and then added to the scores of both golf rounds. If a competitor does not finish ski run, he/she has a second chance to start again at the end of complete starting field. Competitors not finishing second run either, will get the same time as the slowest participant in their group at the ski race (just to remain in competition). Start numbers and start times are drawn by lot and ladies will start first in the ski races (chronology: SEN, mid age, general class, junior class). If the scores are equal, the better score on the second golf day will be judged. If the scores are still equal the better score of golf round decides on the second day with the handicaps 9, 6, 5, 4, 3, 2, 1. In the case of an equal result primarily the better achieved time in ski race and secondarily the score of the first golf round is decisive. Distance measurement equipments are not permitted in world cup tournament rounds.

GOLF is to be played on both courses, starting order depending on skiing results. After the ski race the field will be partitioned into 2 parts. Field 1 (best skiing result -up) playing golf first day at course Kitzsteinhorn. Field 2 (ca. ski race result 120 -up) playing first day at course Schmittenhöhe. On second golf day both fields will change the courses.

TEAMS Teams with five players (or 4) are qualified in team competition. The time at ski race (without age factor) is applied. From the sum of each four (4) best results on three competition days (Ski - Golf day 1 - Golf day 2) the Team World-Cup is calculated. Substitutes (may. one player per team) can be called up until at the latest 72 hours before the start of ski competition (Monday, 11th May 2009 - 10 a.m.) e-mail: skigolfwm2009@sbg.at

WORLD CUP AWARDS
